Holiday Must Haves

The Kurgo Skybox Booster Seat

By Kurgo Products

One of the joys of owning a dog is going places together. The Kurgo Skybox Booster Seat offers a safe travel alternative, providing a view of the road and a comfortable, secure seat to snuggle down on longer trips. It holds up to 30 pounds and collapses for easy storage, making it a great holiday gift. www.kurgo.com.

Toyota Venza ▲

Toyota introduced the Venza last year, and it's starting to get some attention with the dog-loving public. Looking like a hamster on steroids, the Venza is a hatchback with a low stance, making for easy in and out for our smaller or elderly four-legged family members.

In an agreement from pet product manufacturers Kurgo and Solvit, Toyota is offering a host of dog-centric safety accessories to turn the Venza into a fiesta for dog owners.
